Camp Lone Star Auction Fundraiser | July 31, 2022

We need your help in securing items for the Annual Camp Lone Star Barbecue and Auction Fundraiser! The revenue that this brings will further the programs that can be done through Camp Lone Star.

All donor names will be announced and/or displayed with auction items. Donated items are also tax deductible as pro-vided by law. Items are considered in-kind donations to Camp Lone Star.

Experience has shown us that successful auction items can be anything from certificates to hand-made goods. As a general rule, the more unique a gift, the better it will do. *We reserve the right to hold a duplicate/similar gift until next year's auction and to use any gifts in either the live or silent auction.*

Thank you for your support!

**The fair market value (FMV) is generally how much it would cost to replace this item with a similar one. The FMV of food items is the price you could expect to purchase a similar item in a grocery store. Buyers can only claim as a charitable gift tax deduction the amount that they bid over the FMV of an item. Each item must have this value listed before it can be put up for auction.*

Check one: ☐ Item will be delivered to Camp before July 15th (delivery deadline)
Items received after July 15th have a great likelihood of not making it on the Live Auction.

☐ A Camp Staff member should contact me regarding pick-up of item (only within a 50 mile radius).
